View Metrics

Alert

The screenshot shows the Grafana Alerting interface. The left sidebar contains navigation links: Alerting, Alert rules, Contact points, Notification policies, Silences, Groups, and Admin. The main panel displays 'Alert rules' with a search bar and filters for 'State' (Firing, Normal, Pending) and 'Rule type' (Alert, Recording, Health). A table shows 13 rules: 1 pending and 12 normal. Below this, a 'Grafana' section shows a rule named 'temp' with a status of '1 pending'. A table lists alert rules with columns: State, Name, Health, Summary, Next evaluation, and Actions. One rule is shown: 'Pending' for 8s, 'targetchecker', 'ok', 'in a minute'. Below the table, 'Mimir / Cortex / Loki' section shows alert rules for '/etc/prometheus/alerts/alerts.yml' (2 normal) and '/etc/prometheus/alerts/alerts.vml' (3 normal).

Pipeline

The screenshot shows the GitLab CI/CD interface for a project named 'task-2'. The left sidebar contains navigation links: Project, task-2, Pinned, Issues, Merge requests, Manage, Plan, Code, Build, Secure, Deploy, Operate, Monitor, Analyze, What's new, and Help. The main panel displays the 'task-2' pipeline with a status of 'Free'. A table lists the pipeline stages and their status: 'app' (full code, 18 hours ago), 'k8s' (full code, 18 hours ago), 'terraform/gke' (full code, 18 hours ago), '.gitlab-ci.yml' (Update file .gitlab-ci.yml, 17 hours ago), 'README.md' (adding code, 2 days ago), and 'task-guide' (full code, 18 hours ago). The right sidebar shows 'Project information' with a progress bar and links to '31 Commits', '1 Branch', '0 Tags', '477 KiB Project Storage', and '1 Environment'. Below this, there are links to 'README', 'CI/CD configuration', 'Add LICENSE', 'Add CHANGELOG', 'Add CONTRIBUTING', 'Add Kubernetes cluster', 'Add Wiki', and 'Configure Integrations'.
